x2 Interconnect Business Development positions (£40000 – £65000 basic plus benefits)

Description

This is the opportunity to work with a company with an excellent global reputation. The clients provides bespoke interconnect solutions. They are looking to strengthen their interconnect business development team. In a home-based role you will plan, manage and develop the group sales and marketing strategy. This requires the successful candidate to demonstrate the skills to win and retain business, whether new, existing or previous. You will track competition and build relationships with key decision makers to assist the continued development of the business.

Previous experience in a similar electronic commercial role and sound knowledge of the hazardous industry is essential. This is because you will be required to provide technical interconnect solutions to clients. A home residence in the UK is also essential. The candidate can be based anywhere in the UK. Outstanding interpersonal, as well as excellent presentation skills are a must: and you need a high level of self-motivation and commercial acumen.
